**HEALTHCARE SERVICES**

WORKING TOWARDS YOUR RECOVERY  
THE MOST COMFORTABLE WAY

## About Us

We provide professional services to clients in their homes assisting them to achieve the highest level of potential in their day to day self care activities.

Our multi-disciplinary team of Registered Nurses, Physical Therapists, Occupational Therapists, Home Health Aides, and Social Workers will thoroughly assess your needs. Working openly and closely with you and your family, a care plan can then be deduced and implemented to guarantee overall wellness and utmost independence in daily living.

Serving the cities of West Chester, Cincinnati, Mason, Hamilton, Middletown, Monroe, Fairfield, Kings Mills and Maineville as well as the counties of Hamilton, Warren, Butler, Clermont and Clinton; we have put up a reliable reputation in the industry which many other health care facilities look up to.

Open to be contacted 24 hours and 7 days a week, we assure you nothing less than your satisfaction.

## Our Services

**Americans Choice HealthCare Services** has an insatiable quest for philanthropic service to mankind. More than just feeding on what you pay us for the home health care you demand, we pay fuller attention to the quality of what we give.

Health is a wealth we can never replace once gone, and it goes with age because the latter always has a deteriorating effect as it increases. To combat sickness and the inevitable consequences of old age, we offer the following:

### ✧ Skilled Nursing

Licensed Nurses are included in the team of professionals housed by **Americans Choice HealthCare Services**. Registered Nurses are responsible for assessing the medical condition for its progress since the start of treatment, planning with the client for an appropriate plan of care, and reporting and documenting any relevant information about the condition and the efficacy of the treatment to the other members of the health care team.

### ✧ Physical Therapy

**Americans Choice HealthCare Services** recognizes just how difficult it can be to sustain impairments, disabilities and physical function limitations. These existing deviations may have resulted from pathological conditions, injuries or diseases of which the effects may still be reversed with appropriate treatment.

### ✧ Occupational Therapy

Occupational Therapists work together with PT's to restore the overall functioning of the client in terms of daily living and working situation. Their job entails manipulating the physique and using assistive devices for clients to practice on.

**Americans Choice HealthCare Services** will provide the necessary prosthetics and technologies to guarantee the success of your recovery. With healing and mobility at hand, living life to the fullest potential is no longer a dream to behold.

### ✧ Home Health Aide

Home Health Aides are responsible for assisting you in taking care of your daily living needs.

### ✧ Home Health Aide

**Americans Choice HealthCare Services** has personnel who have their very own family members. They understand how challenging it is to cope with the emotional and social demands of sickness or old age at home.

In an attempt to ease the trials you are confronting, we have a team of social workers to help you out. Our Clinical Social Workers will be there to assess, diagnose and perform therapies for emotional, behavioral and mental disorders.
